

Slide Deck Prompt for LakshPath 2.0

Use this prompt with any AI presentation tool (Gamma.app, Beautiful.ai, Google Slides AI, Canva AI) to generate your pitch deck.

PROMPT (Copy this)

Create a professional startup pitch deck for "LakshPath 2.0" – an AI-powered career guidance platform for Indian students.

Design: Modern, dark theme with purple (#8B5CF6) and cyan (#0da2e7) accent colors. Clean, minimal slides with icons and data visuals.

Create these 12 slides:

SLIDE 1 – TITLE

Title: "LakshPath 2.0"

Subtitle: "Your AI Career Compass"

Tagline: "From 'I don't know what to do' to 'I'm interview-ready'"

Logo style: Route/compass icon with gradient

SLIDE 2 – THE PROBLEM

Title: "The Career Guidance Gap"

- 70% of Indian graduates are not industry-ready (NASSCOM)
- Career counseling costs Rs 5,000–50,000 per session
- Generic advice doesn't account for individual strengths
- Students prepare for roles without knowing market demand
- Portfolio blindspot: students don't know what recruiters look for

Visual: Split screen showing confused student vs confident professional

SLIDE 3 – THE SOLUTION

Title: "LakshPath: AI-Powered Career Copilot"

6 pillars shown as icons:

1. Career Discovery – AI assessment + Career DNA profiling
2. Learning Roadmaps – Personalized milestone-based paths
3. Portfolio Analysis – GitHub + LinkedIn scoring
4. Interview Lab – AI-evaluated practice with hints
5. Market Intelligence – Real-time trends + skill gap analysis
6. AI Mentor – Always-on career guidance chat

SLIDE 4 – HOW IT WORKS (User Journey)

Title: "From Assessment to Job-Ready in 4 Steps"

Flow diagram:

Step 1: Take 8-question career assessment → Get Career DNA

Step 2: Follow personalized learning roadmap → Track milestones

Step 3: Build portfolio → Get GitHub/LinkedIn scored and improved

Step 4: Practice interviews → Get company-specific prep → Apply

SLIDE 5 – CAREER ASSESSMENT & DNA

Title: "AI-Powered Career Discovery"

- 8-question adaptive assessment
- Career DNA profiling (4 archetypes)
- Top career matches with % scores, salary data, growth rates
- Strengths & weaknesses identification
- Personalized advice per career path

Show: Sample Career DNA radar chart

SLIDE 6 – LEARNING ROADMAPS

Title: "Structured Learning, Not Random Tutorials"

- Auto-generated multi-phase roadmaps (Foundation → Core → Advanced → Mastery)
- 12+ milestones per roadmap with curated resources
- SMART goal contracts auto-created per phase
- Progress tracking with XP rewards
- Gamification: badges (Common, Rare, Epic, Legendary), streaks, levels

Show: Sample roadmap with 4 phases and progress bar

SLIDE 7 – PORTFOLIO & LINKEDIN ANALYSIS

Title: "Know What Recruiters See"

- GitHub: Scores ALL repositories (code quality, README, complexity)
- Per-repo analysis with highlights + improvements
- LinkedIn: ATS keyword optimization
- Before/after scoring with actionable suggestions
- Resume builder with 5 professional templates

Show: Sample GitHub analysis card with score

SLIDE 8 – INTERVIEW PREPARATION

Title: "Practice Like It's the Real Thing"

- 75+ curated questions (technical, behavioral, system design)
- AI-powered answer evaluation with detailed scoring
- 4-level progressive hint system
- Code review feedback
- Company-specific prep: TCS, Infosys, Wipro, Google, Amazon + 15 more
- 450+ company-specific questions

Show: Sample interview question with AI feedback

SLIDE 9 – PLATFORM STATS

Title: "Built for Scale"

Display as metric cards:

- 100+ API endpoints
- 24 database models
- 20 frontend pages
- 20+ company prep guides
- 10+ NSQF vocational sectors
- 5 resume templates
- Gamification: XP, 4 badge tiers, streaks

SLIDE 10 – TECH STACK

Title: "Modern Full-Stack Architecture"

Frontend: React 18 + TypeScript + Vite + Tailwind CSS + Framer Motion

Backend: Node.js + Express + Prisma ORM + SQLite

AI Engine: Google Gemini 2.0 Flash with smart fallbacks

Auth: JWT + Google OAuth

Mobile: Capacitor-ready (Android/iOS)
Architecture: RESTful API, path-aliased monorepo, demo fallback system

SLIDE 11 – TARGET MARKET & BUSINESS MODEL

Title: "Massive Market, Clear Path to Revenue"

TAM: 40M+ Indian college students

Target: Engineering, IT, Commerce students + ITI/Diploma (NSQF)

Revenue:

- Freemium model (core free, premium AI features)
- B2B: College placement cells
- API: Career assessment as a service
- Data: Anonymized skill/market trend reports

SLIDE 12 – CLOSING / CTA

Title: "LakshPath 2.0 – Your AI Career Compass"

- Built by: Ayush Sharma (Full-Stack Developer)
 - GitHub: github.com/ayushap18/lakshpath-2.0
 - Status: Fully functional MVP with 20+ features
 - Next: Mobile app, college dashboards, regional languages
- CTA: "Let's shape the future of career guidance together."

Alternative Short Prompt (5 slides)

Create a 5-slide pitch for "LakshPath 2.0", an AI career guidance platform for Indian students.

Slide 1: Title – "LakshPath 2.0: Your AI Career Compass"

Slide 2: Problem – 70% graduates not job-ready, expensive counseling, no personalized guidance

Slide 3: Solution – AI assessment, learning roadmaps, GitHub/LinkedIn analysis, interview prep, market intelligence

Slide 4: Features – 100+ APIs, 20+ pages, 20+ company prep, gamification, NSQF support

Slide 5: CTA – Built by Ayush Sharma, fully working MVP, GitHub: github.com/ayushap18/lakshpath-2.0

Style: Dark theme, purple (#8B5CF6) and cyan (#0da2e7) accents, modern and minimal.

Recommended Tools

1. **Gamma.app** — Best for AI-generated decks, paste the full prompt above
 2. **Beautiful.ai** — Smart templates, good for startup pitches
 3. **Canva** — AI-assisted, great for visual slides
 4. **Google Slides + Gemini** — Free, paste prompt in Gemini and format in Slides
 5. **Tome.app** — AI storytelling format
-

Tips for Presenting

- **Demo the app live** — Show the assessment → roadmap → portfolio analysis flow
- **Lead with the problem** — 70% stat is powerful, let it sink in
- **Show the GitHub analysis** — Visual impact of per-repo scoring resonates
- **Highlight the roadmap** — The phase-based milestone view is impressive
- **End with scale** — 100+ endpoints, 24 models shows engineering depth
